RV & Camping equipment & items (3 different lists) updated 7/5)

We retired from RV camping & travel after many years; therefore, we have many usable items for sale.

We grouped the items in three different ads. There currently are about 40 items for sale on the 3 lists and there is much variety.

We also will consider any reasonable counteroffer and a buyer can choose only those items they want.

I can ship prepaid items for the items costs plus shipping.

Or, if a buyer is close to Estes Park, it is possible we could meet; because, we travel, for example, to Boulder, Longmont, Loveland, Fort Collins, etc. periodically.

Here are the links on Craigslist so one can see each are pictured. To access each list, simple "click" on each link individually. (This was done to save considerable time, because I do not need to upload pictures to every site.)
